**TABLE 1.** The Demographic Features of Outpatient and Inpatient COPD Patients and Morbidity Data, 2016

| Gender | Outpatient<br>n (%) | Mean Age<br>±SD | Total of<br>admissions | Mean of<br>admissions | Inpatient<br>n (%) | Mean age<br>±SD | Total of<br>hospitalizations | Mean of<br>hospitalizations |
|--------|---------------------|-----------------|------------------------|-----------------------|--------------------|-----------------|------------------------------|-----------------------------|
| Male   | 619,9 (64.9)        | 66.3±14.8       | 1,407,733              | 2.27                  | 140,150<br>(64.1)  | 70.8±11.7       | 240,114                      | 1.71                        |
| Female | 335,4 (35.1)        | 65.4±13         | 586,592                | 1.74                  | 73,828<br>(35.9)   | 73±12.3         | 113,952                      | 1.45                        |
| Total  | 995,4               | 65.8±13.7       | 1,994,325              | 2.09                  | 218,478            | 71.7±12         | 354,066                      | 1.62                        |

| <b>TABLE 2. The Average Number of Days of Hospitalization and the Percentage of Hospitalization in COPD Patients, 2016</b> |                                      |   |
|--|--------------------------------------|---|
| <b>Average Number of Days of Hospitalization</b>   |                                      |   |
| <b>Number of Hospitalization</b>   | <b>Total Days of Hospitalization</b> | <b>Average Number of Days of Hospitalization</b>    |
| 354,066  | 2,309,444                            | 6.52  |
| <b>Rate of Hospitalization</b>   |                                      |   |
| <b>Number of Outpatient Admissions</b>   | <b>Number of Hospitalization</b>     | <b>Rate of Hospitalized ambulatory patients (%)</b> |
| 1,994,325  | 354,066                              | 17.75   |
|  |                                      |   |

**TABLE 3.** The Geographical Distribution of Outpatient Admissions and Prevalence of Hospitalization of COPD Patients in Turkey, 2016

| Regions          | The Prevalence of Outpatient Admissions to the Hospitals (%) | The Prevalence of Hospitalizations (%) |
|------------------|--|--|
| Black Sea        | 4.71   | 1.01                                   |
| Aegean           | 3.84   | 0.66                                   |
| Central Anatolia | 3.52   | 0.62                                   |
| Eastern Anatolia | 3.04   | 0.67                                   |
| Marmara          | 2.69   | 0.34                                   |
| Mediterranean    | 1.96   | 0.45                                   |
| Southern eastern | 1.44   | 0.36                                   |
